

# Portugal eHealth summit

## Digital Hospital - Experience of the North Estonia Medical Center

Terje Peetso, MD

Member of the Management Board  
NEMC

# Regionaalhaigla

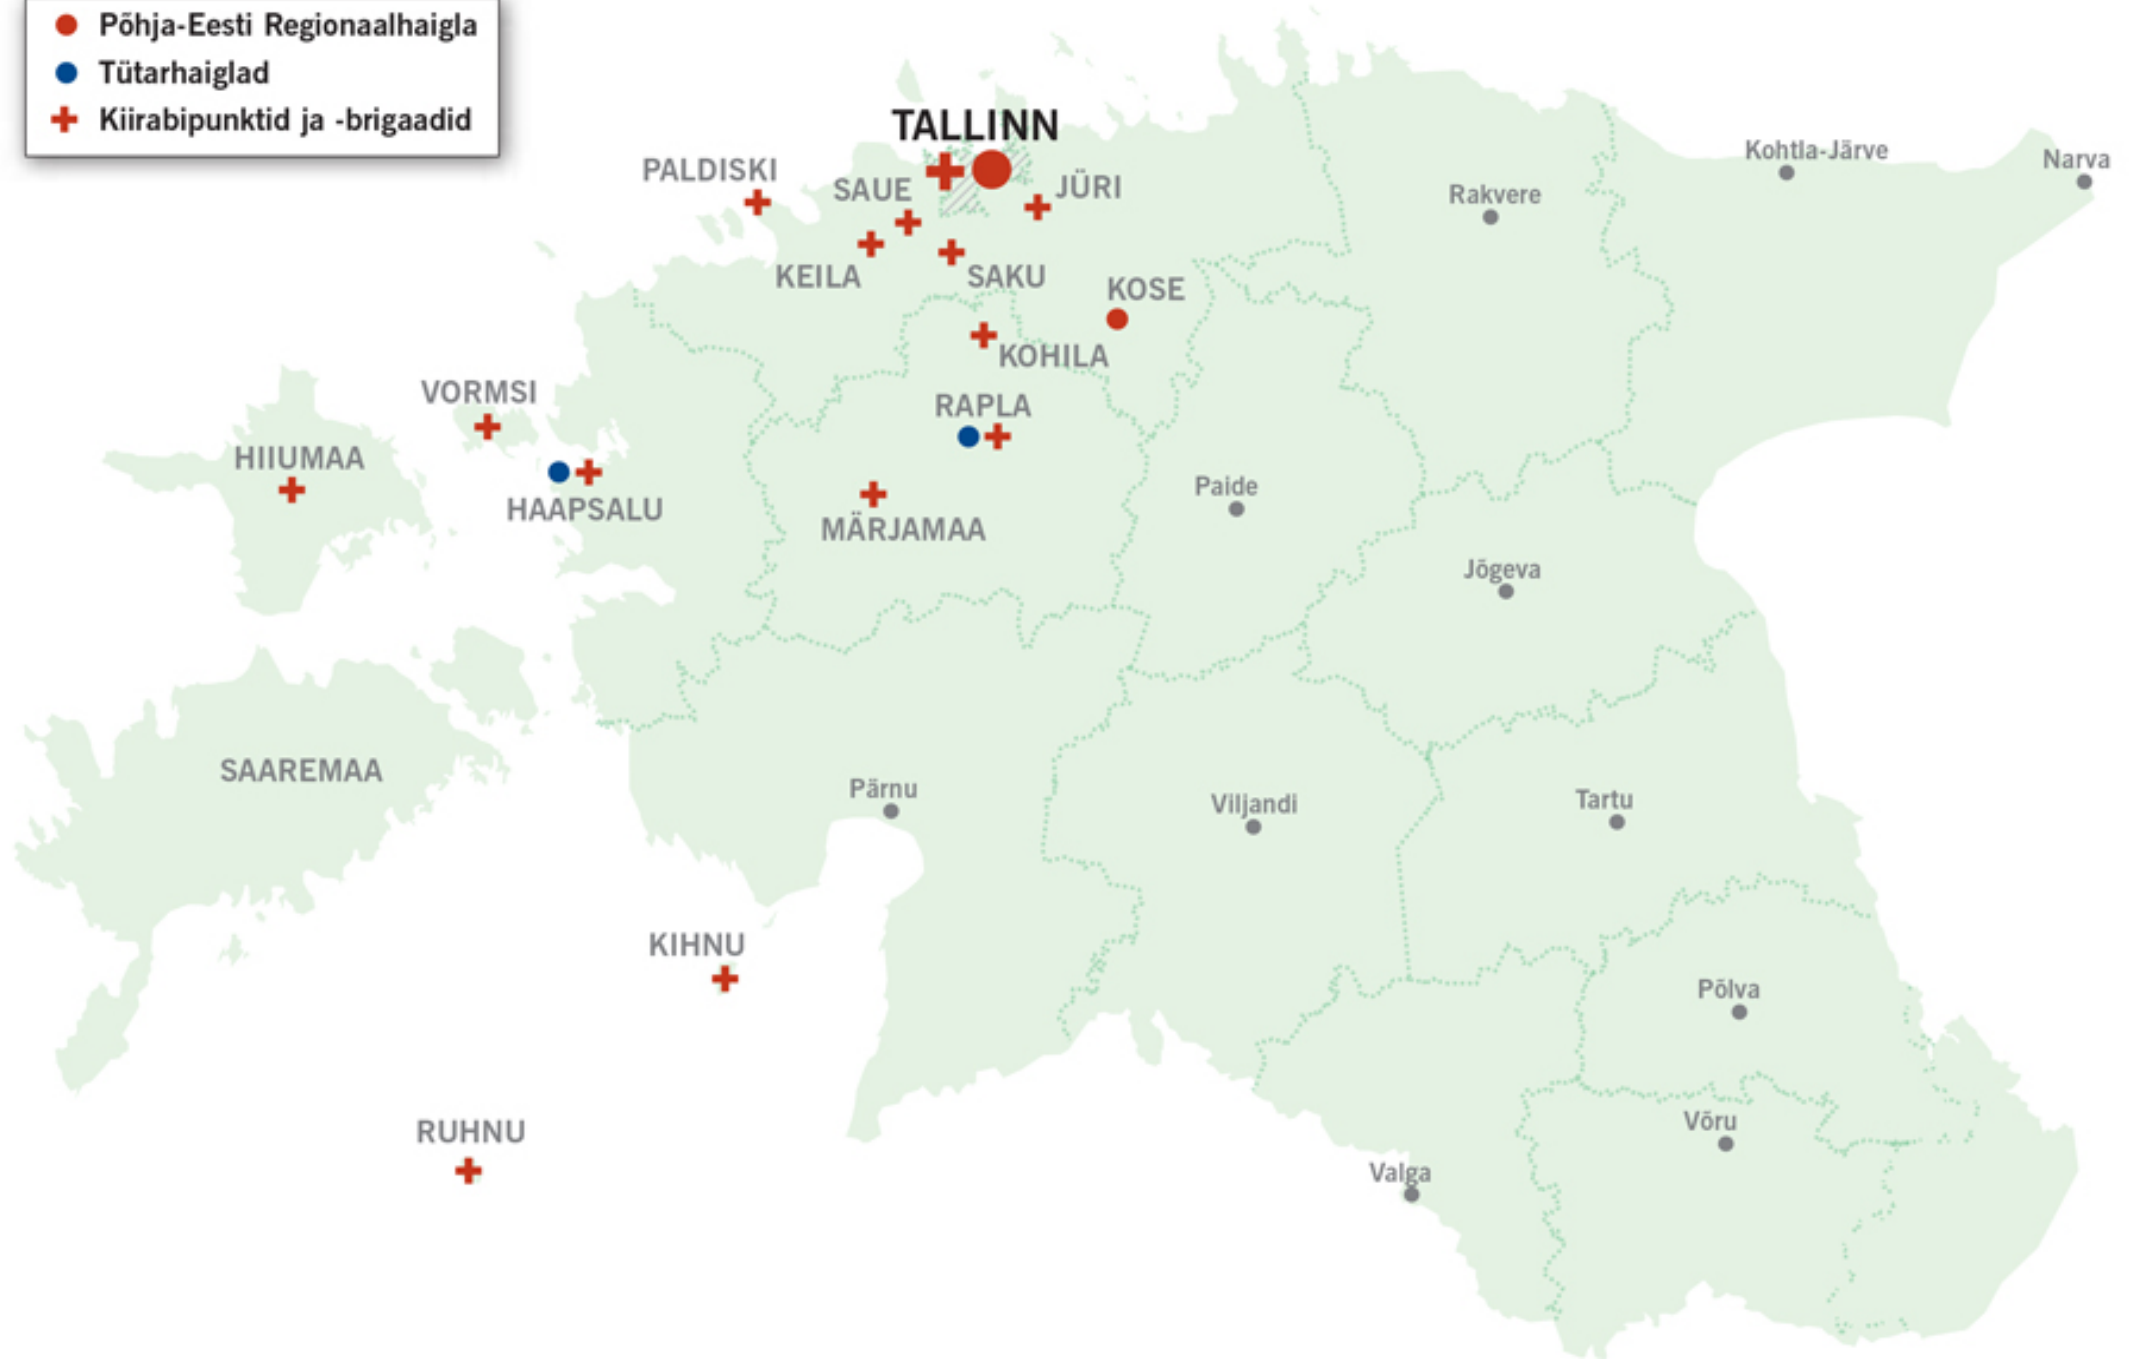

- Põhja-Eesti Regionaalhaigla
- Tütarhaiglad
- + Kiirabipunktid ja -brigaadid

# Modern technology and convenient e-solutions

- iPatient
- eConsultations in 14 medical fields
- eRegistration
- eAmbulance and telemedicine solutions

# Next in the NEMC:

- Top-down & bottom-up (Involve the right people at the right time)
- National solutions
- Standards
- Data quality → data analytics
- Artificial intelligence
- Unmet needs → solutions
- From piloting to everyday practice
- Citizen/Patient engagement

# Points to consider

- Digital (health) **is a tool** supporting healthcare system and addressing lack of resources
- Small data, deep data or big data? **We need smart data!**
- Evaluation process
  - Objectives; Who and how often? Costs? HTA/clinical trials

# Portugal eHealth summit

24th ISITeH  
International  
Conference

ISITeH | International Society for  
Telemedicine & eHealth

# THANK YOU!
